Emotional Detox

Flower Essence + Cell Salt Homeopathic Remedy – Sugar, Dairy, Alcohol & Gluten Free

Irritability - Melancholy - Mental Fatigue

- Sida Emotional Detox is one of the two Foundational Formulas. It has been found to magnify the results of the other formulas when taken in conjunction with them.
- Emotional Detox is an excellent option after a “rough” day. The formula has been found to ease an emotionally charged day and help one wake up feeling like they have hit the emotional “reset button.” Even if the stress still persists, the emotional reaction to the situation may be lessened.
- Everyone varies in the amount of stress they process depending on the day or month. Emotional Detox may be taken on a weekly basis to achieve the desired benefits, which have been found to increase over time.
- The formula has also been found to help release deep-seated stress when taken at night.
- Some people experience vivid dreams or simply sleep very deeply. Others may experience some restlessness, which is usually temporary. These are all indications that difficult emotional states are being processed.

How Siddha Homeopathics work:

- Siddha Flower essences and cell salts are captured in the medium of water using traditional homeopathic techniques. The ingredients have been shown to resolve various forms of stress.
- Western medicine and herbs treat the chemical portion of the nervous system. In Eastern traditions, electrical messaging within the body is viewed as more important. Siddha Homeopathics work at this electrical level of the nervous system.
- Electromagnetic blockages can be understood as minute interference waves that prevent smooth electrical transmission within the nervous system. The result is a basic hindrance to well-being from within multiple systems.
- When Siddha remedies are introduced into the body, the nervous system is exposed to a combination of homeopathic ingredients and cell salts. Together, they initiate resolution for the obstructed field, ease electrical transmission and reduce detrimental interference.
