### **How Siddha Homeopathics work:**

- Siddha Flower essences and cell salts are captured in the medium of water using traditional homeopathic techniques. The ingredients have been shown to resolve various forms of stress.
- Western medicine and herbs treat the chemical portion of the nervous system. In Eastern traditions, electrical messaging within the body is viewed as more important. Siddha Homeopathics work at this electrical level of the nervous system.
- Electromagnetic blockages can be understood as minute interference waves that prevent smooth electrical transmission within the nervous system. The result is a basic hindrance to well-being from within multiple systems.
- When Siddha remedies are introduced into the body, the nervous system is exposed to a combination of homeopathic ingredients and cell salts. Together, they initiate resolution for the obstructed field, ease electrical transmission and reduce detrimental interference.
